
Mini-MBA in Leadership

Mini-MBA in Leadership

The Mini-MBA in Leadership is a 10-day senior leadership programme delivered by Mars Training Centre at international centres in London, Dubai, Paris, Madrid, New York, and Kuala Lumpur — designed for experienced leaders who want the breadth of an MBA leadership curriculum without a full degree commitment.

An MBA is a two-year investment. The Mini-MBA is a two-week investment that covers the leadership content most senior managers actually use: strategic thinking, financial acumen, leading people, operations, change, communication, and personal development. It does not replace an MBA. It gives a structured, intensive grounding that senior managers can put to work the week they return.

Across ten days delivered as two consecutive working weeks, you will cover the major domains of senior leadership through a mix of frameworks, case work, and peer learning. The faculty are senior practitioners with executive and consulting experience, and the cohort is intentionally small to support real conversation.

What You Will Learn

By the end of this programme, you will be able to:

- Apply the major frameworks of corporate strategy to your business.
- Read and interrogate financial statements at a senior-leader level.
- Lead through structured frameworks for change, decision-making, and stakeholder engagement.
- Build and lead high-performance teams using validated diagnostics.
- Apply core operational excellence and process-improvement thinking.
- Communicate strategy clearly to boards, regulators, and the wider workforce.
- Coach direct reports using structured coaching models.
- Diagnose your own leadership style, blind spots, and development priorities.
- Lead innovation and digital change in your business context.
- Develop a personal leadership development plan for the 90 days after the programme.

How You Will Benefit

You will leave with the breadth of an MBA leadership grounding compressed into a two-week intensive, and a Mars Certificate of Completion.
